DETAILED ACTION

This Office Action acknowledges the Preliminary Amendment filed on 10/14/05.

Reasons For Allowance

1. The following is an examiner's statement of reasons for allowance:

Regarding claim 1, the claimed combination including the limitations directed to the specifics of a variable engine valve mechanism comprising: temperature correction means for correcting the status of a control shaft in accordance with the ambient temperature of the said control shaft and a cam and in order to avoid the influence of the temperature, is not disclosed or rendered obvious the art of record.

Regarding claim 5, the claimed combination including the limitations directed to the specifics of a variable engine valve mechanism comprising: a member for determining the distance between a control shaft and a camshaft and a member positioned between said control shaft and a cam are made of materials having the same linear expansion coefficient, is not disclosed or rendered obvious the art of record.

Regarding claim 13, the claimed combination including the limitations directed to the specifics of a variable engine valve mechanism comprising: temperature correction unit for correcting the status of a control shaft in accordance with the ambient temperature of the said control shaft and a cam and in order to avoid the influence of the temperature, is not disclosed or rendered obvious the art of record.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
